[Microdata file application form](#)

1. Introduction

The files for the Survey on Living Conditions 2004 (hereafter ECV 2004) for families and individuals are a dissemination product aimed at users with experience in analysing and processing microdata. This format provides added value to the user, allowing him or her to exploit and analyse data which, due to obvious limitations, the current standard dissemination in the form of tables, publications and reports cannot encompass.

This report, to be specific, describes the microdata file corresponding to the individual questionnaire. This file contains a selection of the variables collected and generated in the survey for the person selected within the family context and is structured around the thematic areas covered by the survey for this statistical unit (level of education, health conditions, work, free time, social relationships, etc.)¹. A microdata file at level is also available, containing specific information collected and generated by the survey for this statistical unit. This file is provided separately together with its corresponding description.

2. Criteria for selection of variables

The ECV covers a broad array of variables and characteristics at family and individual level that need to be processed, adjusted and summarised prior to exploitation. The file described here covers a selection of these variables already prepared for treatment. This selection has been carried out based on criteria of both confidentiality and quality of the information which is detailed below:

2.1 Confidentiality criteria

Maintaining statistical secrecy for those supplying information is one of the main guiding principles in statistical activity. Therefore, the dissemination of any individual information collected under the obligation of statistical secrecy should be anonymous and carried out in such a way that none of the identities of the statistical units can be deduced, not even via the content or disaggregation of the published variables.

Therefore, to safeguard this guarantee, the following restrictions have been applied to the individual file of the ECV 2004:

- In no event does it include direct identification variables or personal details (ID n^o, name, surname, address, telephone n^o, etc.).
- The maximum geographical disaggregation included is the ZONE (grouping of districts) and provincial capitals.
- The age of the person interviewed is presented in five-yearly bands given its highly identifiable nature in combination with the other demographic variables.
- Standard groupings of variables which characterise the individual and do not allow identification of "singular" units are used (e.g. individuals with minority professions, or with unusual holiday destinations, etc.).
- Numerical variables are not included (e.g. length of journeys, distances to place of study or work, hours dedicated to studying, etc.), except the family weighting and the family and individual identifiers. These variables appear categorised in sufficiently broad ranges or intervals.
-

¹ For further information consult the questionnaire and documentation related to the survey at www.eustat.es

- As regards sensitive subject areas covered by the survey, only the most important synthetic indicators have been included once the possibility of identifying registers has been eliminated. Variables of state of health that specify type of disorders and diseases, mobility restrictions, consultations with certain specialists, types of prosthesis used and specific types of donor have been eliminated. Furthermore, participation, membership or help with religious, political or trade union organisations and/or associations has been grouped together in a single general category, "Other Organisations and Associations".

2.1 Quality criteria

Another aspect to pay attention to in the analysis and processing of statistical products is data quality. The quality of the statistical product can be defined using the specific quality factors promoted by EUROSTAT: Relevance, accuracy and reliability, timeliness and punctuality, coherence and comparability, accessibility and clarity.

In this case and for the selection of the variables to be included in the individual microdata file of the ECV 2004, we have focused on the first two aspects: relevance (interest of the data for the final user) and the accuracy and reliability of the information.

2.1.1 Relevance

Given the great quantity of variables collected by the survey, we have attempted to synthesise and include those that are supposed to be of the greatest interest and relevance for the general survey user. Thus the following considerations have been made:

- Variables of negligible analytical interest have not been included, as is the case with certain work and free time variables (e.g. type of time control at work, distribution of days off in the different holiday periods, working hours during holidays, etc.).
- On the other hand, detailed variables of the subjects most demanded by users in recent years have been included, such as use and level of Euskera (Basque language), participation in household chores, the use of ICT during leisure time, etc.
- Self-classification variables² have not been included so as to avoid problems of objectivity and comparability in the estimations derived from these variables (e.g. data of employment, unemployment, etc.).

2.1.2 Accuracy and reliability

In any sampling survey, the main limitation consists of the fact that information is available solely for the sample units and not for the whole of the target population. The sampling design of the survey will shed light on the level of representativity that we can attain with the information collected.

In the case of the ECV, although the sample of households is selected stratified by ZONE (or grouping of districts), the representativity required is at least Province-level for the main variables and crosses of the survey. However, the great quantity of variables and the high level of detail that can be reached with the variables included in this file do not guarantee the statistical significance of all the exploitations or analyses that can be carried out on this data.

The conclusions reached from the studies or analyses carried out on the data are the responsibility of the final user. However, to get an idea of the quality of the information for a specific cross or disaggregation the user is recommended to consult the tables of sampling errors of the survey:

² A self-classification variable is one where the interviewees themselves make definitions according to their own subjective perception.

(http://www.eustat.es/document/datos/Errores_ECV2004_web_c.xls)

and the corresponding report on the calculation of sampling errors:

(http://www.eustat.es/document/datos/Calculo_errores_ECV04_c.pdf)

which feature recommendations on the acceptable levels of sampling error.

3. Register design

The individual microdata file for the ECV 2004 is in text format, with fixed columns and structured around the subject areas covered by the survey for this statistical unit. The description of the variables, the type, the possible states and the exact positions in the file are described in the Excel file *Estructura_individuos_ECV04.xls* which is attached together with all the documentation related to the microdata file ECV 2004.

4. Synthetic indicators

Some of the variables included in this microdata file do not correspond exactly with questions from the individual questionnaire, but rather are synthetic variables deriving from the exploitation of various items or questions from this questionnaire. These variables are known as “Synthetic Variables” and their generation and relation with the other variables is described in the Excel file *Estructura_individuos_ECV04.xls* which is attached together with all the documentation related to the microdata file ECV 2004.

5. Description of variables

Includes the literal descriptions corresponding to the coding of each of the variables included in the file. See Annex I.

6. Help for reading file

Includes SAS programming for direct reading of the microdata file. See Annex II.

ANNEX I

DESCRIPTION OF THE FILE ECV04_INDIVIDUOS.DAT

1 Household Identifier

CV1_IDEV

2 Personal identification in the family

CV1_NIND

3 Province of residence

CV1_TERR

01 Araba
20 Gipuzkoa
48 Bizkaia

4 Zone of residence

CV1_ZOCV

1 Llanada alavesa
2 Rest of Álava
3 Gran Bilbao
4 Duranguesado
5 Gernika-Bermeo plus Plentzia-Mungia plus Markina-Ondarroa
6 Arratia-Nervi6n plus Encartaciones
7 Donostialdea plus Bajo Bidasoa
8 Alto Deba plus Bajo Deba plus Urola Costa
9 Tolosaldea plus Goierri

5 Municipality of residence

CV1_MUNI

020 Bilbao
059 Vitoria-Gasteiz
069 Donostia-San Sebastián
000 Other municipalities

6 Sex

CV1_SEXOI

1 male
2 female

7 Age

CV1_EDADIR

01 4 or under
02 from 5 to 9
03 from 10 to 14
04 from 15 to 19
05 from 20 to 24
06 from 25 to 29
07 from 30 to 34
08 from 35 to 39
09 from 40 to 44
10 from 45 to 49
11 from 50 to 54

- 12 from 55 to 59
- 13 from 60 to 64
- 14 from 65 to 69
- 15 from 70 to 74
- 16 from 75 to 79
- 17 from 80 to 84
- 18 85 or over

8 Marital status

CV1_ECIVI

- 1 single
- 2 married
- 3 widowed
- 4 divorced/annulled
- 5 legally separated

9 Sedentary

CV1_SEDEI

- 1 yes
- 2 no

10 Nationality

CV1_NACII

- 1 Spanish
- 2 Spanish and others
- 3 foreign

11 Place of birth

CV1_LNACI

- 1 Araba
- 2 Bizkaia
- 3 Gipuzkoa
- 4 other provinces
- 5 overseas

12 Place of origin

CV1_LPROI

- 1 Araba
- 2 Bizkaia
- 3 Gipuzkoa
- 4 other provinces
- 5 overseas

13 Level of education (ESCU+ESREP)

CV1_NIV11

- 1 no studies
- 2 primary studies
- 3 vocational training
- 4 secondary studies
- 5 higher middle
- 6 higher studies

14 Relation with activity

Var = CV1_RELA2 Pos = 376 Length = 1 States = 3

- 1 employed
- 2 unemployed
- 3 inactive

15 Attendance of nurseries or places of study

CV1_ASIST

- 1 yes
- 2 no

16 Situation as regards studying

CV1_SITES

- 1 studying
- 2 not studying

17 Studies in progress

CV1_ESCU

- 1 pre-school-primary
- 2 professional
- 3 secondary
- 4 higher middle
- 5 higher

18 Distance to place of study (metres)

CV1_DISTAR

- 1 less than 100 metres
- 2 from 100 to 499
- 3 from 500 to 999
- 4 from 1000 to 1999
- 5 from 2000 to 4999
- 6 from 5000 to 19999
- 7 20000 or more metres;

19 Means of transport

CV1_Trase

- 1 car
- 2 train
- 3 urban bus
- 4 school bus
- 5 on foot
- 6 bicycle or motorcycle
- 7 combination of various
- 8 other means

20 Length of journey to place of study (minutes)

CV1_DURAER

- 1 less than 5 minutes
- 2 5-9 minutes
- 3 10-14 minutes
- 4 15-29 minutes
- 5 30-59 minutes
- 6 60 minutes or more

21 Return home for lunch

CV1_COMEC

- 1 goes home
- 2 does not go home

22 Complementary studies

CV1_ECOMCE

- 1 has taken complementary studies
- 2 has not taken complementary studies

23 Euskera

CV1_EUSKCE

- 1 studying Euskera
- 2 not studying Euskera

24 English

CV1_INGLCE

- 1 studying English
- 2 not studying English

25 Other languages

CV1_OTIDCE

- 1 studying other languages
- 2 not studying other languages

26 Music, ballet, drawing, etc.

CV1_MUSICE

- 1 studying music, ballet, etc.
- 2 not studying music, ballet, etc.

27 Support lessons (students)

CV1_APOYC

- 1 attending support lessons
- 2 not attending support lessons

28 Computer studies

CV1_INFOCE

- 1 studying computer studies
- 2 not studying computer studies

29 Other studies

CV1_OTROCE

- 1 taking other studies
- 2 not taking other studies

30 Weekly hours for complementary studies

CV1_HORACR

- 1 less than 2 hours
- 2 from 2 to 4 hours
- 3 from 5 to 10 hours
- 4 from 11 to 15 hours
- 5 more than 15 hours;

31 Illiteracy

CV1_ANAF

- 1 can read-write
- 2 cannot read-write

32 Functional illiteracy (reading)

CV1_LEER

- 1 reads without difficulty
- 2 reads with difficulty

33 Functional illiteracy (writing)

CV1_ESCR

- 1 writes without difficulty
- 2 writes with difficulty

34 Code of studies taken

CV1_ESREP

- 1 no studies
- 2 primary studies
- 3 vocational training
- 4 secondary studies
- 5 higher middle
- 6 higher studies

35 Age when finished studies

CV1_EDFINR

- 1 before 10
- 2 between 10-14
- 3 between 15-19
- 4 between 20-24
- 5 between 25-29
- 6 after 29

36 Years of studying

CV1_ANOER

- 1 less than 3
- 2 3-5 years
- 3 6-8 years
- 4 9-11 years
- 5 12-14 years
- 6 15-19 years
- 7 20 years or more

37 Complementary studies (non-students)

CV1_ECOMC

- 1 taking complementary studies
- 2 not taking complementary studies

38 Euskera (complementary-non-students)

CV1_EUSKCA

- 1 studying Euskera
- 2 not studying Euskera

39 English (complementary-non-students)

CV1_INGLCA

- 1 studying English
- 2 not studying English

40 Other languages (complementary-non-students)

CV1_OTIDCA

- 1 studying other languages
- 2 not studying other languages

41 Music, ballet, etc.. (complementary-non-students)

CV1_MUSICA

- 1 studying music, ballet, etc.
- 2 not studying music, ballet, etc.

42 General culture (non-students)

CV1_CULTUCA

- 1 studying general culture
- 2 not studying general culture

43 computer studies (complementary-non-students)

CV1_INFOCA

- 1 studying computer studies
- 2 not studying computer studies

44 Career recycling (non-students)

CV1_RECICA

- 1 career recycling classes
- 2 no career recycling

45 OTHER COMPLEMENTARY STUDIES

CV1_OTROC

- 1 taking other studies
- 2 not taking other studies

46 Weekly hours for complementary studies

CV1_HORACAR

- 1 less than 2 hours
- 2 from 2 to 4 hours
- 3 from 5 to 10 hours
- 4 from 11 to 15 hours
- 5 more than 15 hours;

47 Type of centre

CV1_TIPOCR

- 1 Public centre
- 2 Private
- 3 Ikastolas (Basque schools)
- 4 Others
- 5 Not studying

48 Mother tongue

CV1_LMAT

- 1 Euskera
- 2 Spanish
- 3 Euskera-Spanish
- 4 other

49 Reading in Euskera

CV1_EKLE

- 1 reads well
- 2 reads simple texts
- 3 reads odd words
- 4 does not read

50 Writing in Euskera

CV1_EKES

- 1 writes well
- 2 writes sentences and texts
- 3 writes odd words
- 4 does not write

51 Comprehension of Euskera

CV1_EKEN

- 1 understands well
- 2 understands simple conversations
- 3 understands some words
- 4 does not understand

52 Speaking of Euskera

CV1_EKHA

- 1 speaks well
- 2 simple conversation
- 3 odd words
- 4 does not speak

53 Overall level of Euskera

CV1_EKNGR

- 1 Euskaldunes (Basque Speakers)
- 2 Cuasi-Euskaldunes (Quasi-Basque Speakers)
- 3 Erdaldunes (Non-Basque Speakers)

54 Knowledge of languages

CV1_COIDI

- 1 yes
- 2 no

55 Knowledge of English

CV1_COING

- 1 yes
- 2 no

56 Knowledge of French

CV1_COFRA

- 1 yes
- 2 no

57 Knowledge of other community language

CV1_COOIC

- 1 yes
- 2 no

58 Knowledge of other non-community language

CV1_COOID

- 1 yes
- 2 no

59 Overall level of English

CV1_NINGL

- 0 none
- 1 good
- 2 medium
- 3 low

60 Overall level of French

CV1_NFRAN

- 0 none
- 1 good
- 2 medium
- 3 low

61 Level of other language

CV1_NOTRO

- 0 none
- 1 good
- 2 medium
- 3 low

62 Knowledge of languages

CV1_IDIOM

- 1 only Spanish
- 2 Spanish and others
- 3 Spanish and Euskera
- 4 Spanish, Euskera, others

63 Health disorders (summary)

CV1_TRASPI

- 1 some disorder
- 2 no disorders

64 Difficulties in everyday tasks

CV1_DIFIC

- 1 has difficulties
- 2 no difficulties

65 Degree of dependence due to health problems

CV1_INDEP

- 1 totally dependent
- 2 partially dependent
- 3 with difficulties
- 4 copes well

66 Regular health problems

CV1_PROSA

- 1 yes
- 2 no

67 Entitlement to health benefits

CV1_PREST

- 1 entitled
- 2 not entitled

68 Medical visits (last month)

CV1_CONSU

- 1 has visited
- 2 has not visited

69 Visits to G.P.

CV1_CABE1

- 1 has visited
- 2 has not visited

70 Visits to specialist

CV1_ESPE1

- 1 has visited
- 2 has not visited

71 Visits to intern, nurse, etc.

CV1_PATS1

- 1 has visited
- 2 has not visited

72 Visits to pharmacist

CV1_FARM12

- 1 has visited
- 2 has not visited

73 Visits to other specialists

CV1_OTROS

- 1 has visited
- 2 has not visited

74 Hospitalisation

CV1_HOSPI1

- 1 yes
- 2 no

75 Interruptions of activity

CV1_INTERI

- 1 yes has been interrupted
- 2 no has not been interrupted

76 Length of interruption of activity (days)

CV1_TIEMIR

- 1 LESS THAN 3 DAYS
- 2 FROM 3 TO 7 DAYS
- 3 FROM 8 TO 15 DAYS
- 4 FROM 16 TO 30 DAYS
- 5 FROM 31 TO 60 DAYS
- 6 FROM 61 TO 120 DAYS
- 7 MORE THAN 120 DAYS;

77 Check-ups

CV1_CHEQU

- 1 has had
- 2 has not had

78 Frequency of check-ups

CV1_PERIO

- 1 annual
- 2 every 2 years
- 3 more than 2 years
- 4 irregularly
- 5 company check-ups

79 Consumption of medicines

CV1_MEDIC12

- 1 has taken
- 2 has not taken

80 Donor

CV1_DONAN

- 1 donor
- 2 non-donor

81 Blood donor

CV1_DOSAN

- 1 donor
- 2 non-donor

82 Use of prosthesis

CV1_PROTE

- 1 uses
- 2 does not use

83 On-going work

CV1_ECONT

- 1 yes
- 2 no

84 Some activity

CV1_ETEMP

- 1 yes
- 2 no

85 Family help

CV1_AYUFA

- 1 yes
- 2 no

86 Some kind of work

CV1_EVIDA

- 1 yes
- 2 no

87 Type of work

CV1_HORAR

- 1 shifts
- 2 set hours
- 3 no timetable

88 Type of working day

CV1_JORNA

- 1 continuous
- 2 split

89 Rest days per week

CV1_DESCA

- 1 none
- 2 one day
- 3 two days
- 4 3 or more days

90 Repetitive work

CV1_MONOT

- 1 repetitive
- 2 not repetitive

91 Distance to workplace (metres)

CV1_DISTRR

- 1 Less than 100 m
- 2 from 100 to 499 m
- 3 from 500 to 999 m
- 4 1000 to 4999 m
- 5 5000 to 9999 m
- 6 10000 to 29999 m
- 7 30000-49999 m
- 8 50000 m or more

92 Means of transport to work

CV1_TREMP

- 1 car
- 2 train
- 3 bus
- 4 company bus
- 5 on foot
- 6 bicycle
- 7 combination of various
- 8 other means

93 Length of journey to work (minutes)

CV1_DURATR

- 1 less than 5 minutes
- 2 5 to 14 minutes
- 3 15 to 29 minutes
- 4 30 to 59 minutes
- 5 60 minutes or more

94 Returns home for lunch

CV1_COMT

- 1 returns home
- 2 does not return home

95 Work-related accidents or illnesses

CV1_ACENF

- 1 has not had any
- 2 has had some

96 Unpleasant odours

CV1_OLORS

- 1 yes
- 2 no

97 Disturbing noises

CV1_RUIDT

- 1 yes
- 2 no

98 Poor ventilation

CV1_VENTII

- 1 yes
- 2 no

99 Poor lighting

CV1_ILUMI

- 1 yes
- 2 no

100 Damp

CV1_HUMED

- 1 yes
- 2 no

101 Excessive cold in winter

CV1_FRIO

- 1 yes
- 2 no

102 Excessive heat in summer

CV1_CALOR

- 1 yes
- 2 no

103 Working conditions (summary)

CV1_CENTR2

- 1 good
- 2 bad
- 3 very bad

104 Occupation, profession

CV1_CPROF2R

- 1 Company management and Public administration
- 2 Technician and professional, scientific and intellectual
- 3 Support Technician and professional
- 4 Clerical employee (includes Armed Forces)
- 5 Personal services, catering, protection and trade
- 6 Skilled worker, agriculture and fishing
- 7 Skilled worker, industry, construction and mining
- 8 Machine operators, fitters
- 9 Non-skilled workers

105 **Branch of activity**

CV1_CRACT2

- 1 agriculture livestock forestry and fishing
- 2 industry and energy
- 3 construction
- 4 services-trade, hotel and catering and transport
- 5 services-banking, insurance and business services
- 6 services-others

106 **Professional status**

CV1_SPRO2

- 1 entrepreneur with paid employees
- 2 self-employed
- 3 family help
- 4 co-operative worker
- 5 permanent paid worker private sector
- 6 permanent paid worker public administration
- 7 temporary paid worker private sector
- 8 temporary paid worker public administration
- 9 other situations

107 **Type of temporary contract**
